PROJECTS

PanKhol Juva — Coastal Tourism Website | PHP · MySQL · Bootstrap 5 pankholjuva.com

- **Built** a live, client-facing tourism website for an island community in Sindhudurg, Maharashtra — from design to production deployment.
- **Integrated** a MySQL backend for dynamic content rendering; delivered a responsive, cross-browser-compatible UI using Bootstrap 5.
- **Coordinated** full project lifecycle independently — requirements gathering, development, version control, and Netlify deployment.

Developer Portfolio | HTML · CSS · JavaScript soham-cyberport.pages.dev

- **Built** a terminal/hacker-themed personal portfolio showcasing projects and technical skills, deployed on CloudFlare with a custom domain.
- **Implemented** interactive terminal animations and responsive layout using vanilla JavaScript and CSS without any framework dependency.
